

INSURE

Innovative Sustainable Remediation

INVITATION TO THE FINAL CONFERENCE OF INSURE THE 10TH OF APRIL

EUROPEAN UNION
European Regional Development Fund

LÄNSSTYRELSEN
ÖSTERGÖTLAND

Final conference of INSURE

The four years long EU-project INSURE (Innovative Sustainable Remediation), focusing on making the remediation of contaminated sites more frequent and sustainable, is approaching the end and we welcome you to its final conference. The aim of the day is to give you all the highlights of the project including sustainable remediation at the pilot areas, management methods to create more efficient and increased remediation rate and development of technical tools such as GIS, models and databases.

Location

Arbetets museum (Museum of Work), Laxholmen, Norrköping

Time

April 10th 08.30-16.00

Reservation

Make your reservation at the calendar of the website of the County of the Administrative Board of Östergötland, before March 15th or [click here to come to the booking site](#). The conference is free, but the seats are limited. In case of prevention your seat should be cancelled or assigned to another person in your organization. Lunch and coffee are included so please notify us of any allergies or other causes related to food and drink that we need to consider.

Target group

Authorities, universities, consultants and enterprises who have an interest in the work with contaminated sites.

In case of any questions, please contact:

Pernilla Eriksson, pernilla.eriksson@lansstyrelsen.se
